

Staff Report

TO: Honorable Mayor and Members of the City Council
FROM: Christopher Ramos, Chief of Police
BY: Nathan Lunt, Police Lieutenant
DATE: July 21, 2026
SUBJECT: Approval of a Three-Year Renewal Agreement Between the City of Beaumont and Beaumont Unified School District to provide three School Resource Officers

Description: Request to approve a Three-Year Renewal Agreement with the Beaumont Unified School District (BUSD) for the Police Department to provide three School Resource Officers, for a total cost of \$2,390,670.

Motion:

If the City Council determines that staff's recommendation is appropriate, the following motion is provided:

I move that City Council approve an agreement for three School Resource Officers between the City of Beaumont and BUSD in the amount of \$2,390,670.

Recommendation:

Staff recommends authorizing the City Manager to execute a new agreement with the Beaumont Unified School District for the continued provision of three School Resource Officers through June 30, 2029, with full reimbursement from the District for all salary, benefit, and vehicle-related costs. The SRO program provides critical safety, mentorship, and engagement functions across Beaumont's middle and high schools, supporting a secure learning environment and strengthening relationships between law enforcement and youth. Approval of the agreement will ensure uninterrupted police presence on campuses and allow the Finance Department to invoice BUSD for all reimbursable expenses.

Discussion:

The Beaumont Police Department and the BUSD have partnered together to provide School Resource Officers (SRO), to maintain an immediate police presence and response at the middle and high schools.

SROs play a crucial role in maintaining a safe and secure environment for students, faculty, and staff, contributing significantly to the overall well-being of the school community. SROs serve as a deterrent to potential threats and criminal activities within schools. Their presence alone can discourage disruptive behavior, violence, and substance abuse, promoting a sense of security and fostering a conducive learning environment.

By establishing a visible law enforcement presence, SROs instill a sense of trust and reassurance among students, allowing them to focus on their studies without undue concern for their safety. SROs can serve as mentors, offering guidance and support to students, and helping to bridge the gap between law enforcement and young individuals. This interaction fosters a better understanding of the role of police officers and promotes positive perceptions, reducing misconceptions and stereotypes.

It is important to note that the strategic value of SROs lies not only in their law enforcement responsibilities but also in their ability to build trust, mentorship, and positive connections within the school community. By promoting safety, preventing crime, and actively engaging with students, SROs contribute to a well-rounded approach to education that prioritizes both physical security and student development.

Currently, the police department provides three SROs which allows a presence at Beaumont High School, Glen View High School, San Geronio Middle School, Mountain View Middle School and Summerwind Trails School.

BUSD is reimbursing 100% percent of the costs of the three SROs, including vehicle related costs throughout the agreement. The current agreement expired on June 30, 2026, and this new agreement will run through June 30, 2029.

BUSD Board of Education will be reviewing this agreement at their board meeting on July 21, 2026.

Fiscal Impact:

The total cost for three (3) School Resource Officers (including salary, benefits, and vehicle related costs) for three years is \$2,390,670. These costs will come from the General Fund. BUSD will reimburse 100% of these costs using the following yearly breakdown:

Year 1:	\$796,890.00
Year 2:	\$796,890.00
Year 3:	\$796,890.00

Each year includes 100% of the estimated cost (inclusive of salary, benefits, and vehicle-related costs) for the SROs provided under the agreement between the City of Beaumont Police Department and BUSD.

The cost for this staff report was \$500

Alternatives:

City Council may deny the staff recommendation and provide alternate direction.
